

A Word from Our Executive Director

For the last forty years, corporate partners, like you, have helped HAWC raise awareness about domestic abuse and provide free & confidential services to survivors on the North Shore. As we commit to creating a truly safe and healthy future for all, we know that wellness is interconnected: by helping someone in need, the helper increases their own well-being; by promoting civic engagement for employees, employers benefit from staff that are enriched and fulfilled. By coming together to end violence and oppression, the entire community will thrive.

This year, we are launching an Annual Corporate Partnership program to make it easy and efficient for you to partner with HAWC. We offer streamlined options for you to engage in a one-time annual commitment that both increases your impact and offers dynamic engagement opportunities throughout the year.

Mission

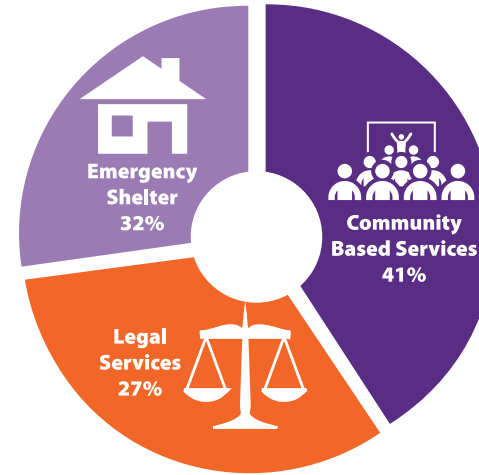

HAWC's mission is to create social change by taking action against personal and societal patterns of violence and oppression. HAWC provides services to victims of domestic violence residing in 23 cities and towns on Massachusetts' North Shore in order that they may make informed, independent decisions about their futures.

Your Impact

Your partnership will directly contribute to HAWC's ability to provide vital protections to survivors of domestic abuse.

Annual Program Expenses \$1,281,192

As a result of these protections:

- A "victim" will make the personal journey to become a "survivor"
- A survivor will have an attorney by their side in court
- A child traumatized by domestic violence can go to therapy with their protective parent to heal their bond, resulting in life-long benefits for the child's resilience

How Your Partnership Supports the Community

As a business leader, you know that domestic abuse is, by necessity, all of our business.

The economic cost of intimate partner violence exceeds **\$8.3 billion per year***

Victims lose a total of **8 million days** of paid work per year*

1 in 3 women and 1 in 4 men have experienced some form of physical violence by an intimate partner*

Approximately **15.5 million children** in the U.S. live in families in which intimate partner violence occurs at least once annually. **

By becoming an Annual Corporate Partner, you are sending a strong message to the community: You are committed to being a part of the solution. In turn, as an Annual Corporate Partner, you will attract both consumers and employees who are eager to engage with socially responsible businesses.

HAWC is an ideal non-profit partner for your business. A local grassroots organization with a stellar reputation for subject-area expertise, HAWC concluded Fiscal Year 2018 in strong financial health. The impact of your partnership will be amplified by state, federal and private foundations who also support our work. For more information about HAWC's financial overview, please review our profile on Guidestar.org.
